

[8 bar intro on A, siren noise on steel]

<A>I got a star on my car and one on my chest
A gun on my hip and the right to arrest
I'm the <D>guy who's the boss on this highway
So <A>watch out what you're doin' when you're drivin' my way
If you <E>break the law you'll hear from me I know
I'm <A>[stop]workin' for the state
I'm The Highway Patrol

<A>Well y'know me when you see me cuz my doors painted white
My siren a-screamin' and my flashin' red lights
I <D>work all day and I work all night
Just <A>keepin' law and order tryin' to do what's right
If I <E>write you out a ticket then you'd better drive slow
I'm just <A>[stop]doin' my job I'm The Highway Patrol

--Chorus--

I'm The <D>Highway Patrol, The Highway Patrol
My <A>hours are long and my pay is low
But I'll <D>do my best to keep you drivin' slow
I'm just <A>[stop]doin' my job
I'm The Highway Patrol

[solo: 12 bars guitar, 12 steel, leave out the stop]

<A>If you're drivin' too fast like you shouldn't do
You can bet your boots I'm comin' after you
If you <D>wanna race then get on a race track
'Cause when you <A>try to run away I'm gonna bring you back
I'm <E>here to keep all the speeders drivin' slow
I'm just <A>[stop]a-doin my job,
Im The Highway Patrol. <E><A>
(chorus)

I'm just <E>doin' my job, I'm The Highway Pat<A>rol <E><A>
