

key E

Snake Farm
Ray Wylie Hubbard

[4 bar guitar riff, steel fills]

[no bass or drum first verse]

<E>Well a woman now I love is named Ramona

She kinda looks like tempest storm

She can dance like little Egypt

She works down at the snake farm

[all in]

--Chorus--

Snake farm, it just sounds nasty

Snake farm, <G>pretty much <A>is

Snake farm, it's a reptile house

Snake farm, ugh

[solo: 4 bar guitar]

Ramona's got a keen sense of humor

She got a tattoo down her arm

It's of a python eatin a little mouse

Wearin a sailor hat that says snake farm

(chorus) [solo: 4 bar steel]

I asked Ramona how come she works there

She says well it's got it's charms

There's nothin to do in the winter

Now and then some kid gets bit at the snake farm

(chorus) [solo: 4 bar guitar, 4 bar steel]

Well Ramona likes her malt liquor

And a band from Wales that's called The Alarm

She said she cried when they broke up

She still plays their records at the snake farm

(chorus) [solo: 4 bar guitar, 4 bar steel]

[bass drum only] Sometimes Ramona calls me up

And says come on down here, it's getting warm

She runs everybody off

And we, [stop] you know, at the snake farm

[all in] (chorus x 2) [2 bars slowing to end, ring on 1]
